## Wrisper suspended, South Bay asks full investigation

**SOUTH BAY**--The City Commission decided in a special session Tuesday evening to avoid the appearance of any wrongdoing by suspending Police Chief Willie Wrisper, Jr. without pay until a series of criminal charges against him have been cleared up and to request a full-scale investigation of the entire police department.

Acting under the advice of newly appointed City Attorney James Gann, the commission authorized City Clerk Virginia Walker to draft a letter to Wrisper informing him he had been suspended for 60 days for, "Acting in a manner that has reflected on city government, (your) fellow employees and (your) supervisors, in that on Nov. 23, you were arrested by the Palm Beach County Sheriff's Department for possession of marijuana over five grams, procuring for prostitution and transporting to commit prostitution."

Wrisper's suspension was moved by Police Commissioner Vernita Cox, seconded by Commissioner Donald Tanner and approved 4-0 in the absence of Commissioner Woodrow "Woody" O'Neal.

The letter written by Mrs. Walker Tuesday evening was signed by Mayor Billy Wells the same evening and was to have been delivered personally by Mayor and acting Chief Walter Collins sometime during the day Wednesday.

Wrisper was at the city hall, although he didn't enter the commission chamber, when the special session began. He said he had been advised to make no comment. His father, Bishop Willie Wrisper, Sr., was in the chamber throughout the meeting.

When she made the motion for Wrisper's suspension, Mrs. Cox wanted to make it for the duration, "until all this has been cleared up," but Gann said that such an action isn't pro-

vided for under the city charter.

Gann said he isn't clear on whether or not the police chief's position is included in the civil service code but for their own protection the commissioners should treat the matter as if Wrisper does come under the code.

When the meeting began before a standing room only crowd, Gann said the commissioners could choose to take no action, which would leave Wrisper on the payroll; could suspend him with pay; could suspend him without pay or could take steps to dismiss him.

He said the longest period for which the commission could suspend an employee according to the civil service code is 60 days. If they chose to dismiss the chief, Gann said the commissioners would be required to conduct a full-scale investigation and hold a hearing which would have many of the earmarks of a trial.

During his presentation, Gann also outlined the possible causes for which an employee could be dismissed or suspended.

After the commission approved Mrs. Cox's motion to suspend Wrisper without pay, Mayor Wells suggested the city should also pass a resolution asking State Attorney David Bludworth to conduct an investigation into the police department as a whole to determine whether the problems go any deeper.

Mrs. Cox also made the motion for the full investigation and Tanner seconded it before it also passed on a 4-0 vote.

Mrs. Cox also moved, and the commission approved, that Collins be made acting chief for the duration of Wrisper's suspension.

Wrisper was one of six persons who have been arrested by members of the Sheriff's Department, following a six-week investigation which finally came under the direct supervision of Sheriff Richard P. Wille himself when Wille saw the importance of the persons involved.

Wrisper was arrested about 5:30 p.m. Nov. 24 by Detective Ernest Batista and Sgt. David Estes and booked into the county jail in Belle Glade for possession of marijuana over five grams, sale and delivery of marijuana over five grams, three counts of procuring for prostitution and three counts of transporting for prostitution.

He was bonded out under \$3,000 bail that same evening.

Also arrested as a result of the investigation were William Walker, 28, of Room 133 at the Days Inn in South Bay, and McArthur Thomas, 30, of 748 S.W. Ave. C in Belle Glade. Thomas was charged with possession and sale of more than five grams of marijuana and Walker was charged with possession of heroin and intent to sell.

Thomas was bonded out on \$3,000 bail and Walker was being held Wednesday morning under \$20,000 bond.

Three women were also arrested on charges of prostitution and possession of more than five grams of marijuana. They were Arleen Cherry Lockwood, 19, of Roosevelt, N.Y.; Debra Ann Henry, 23, of 725 S.W. Ave. B in Belle Glade and Patricia Ann Gullette, 25, of Gwen Oaks, Md.

Miss Henry was also charged with violation of probation and was being held without bond while the other two were bonded out of jail under \$3,000 bail.

Wrisper is also being sued in civil court, along with the City of South Bay, by Ulysses (Deacon) Johnson in connection with a shooting in front of the Green Front Bar in February.

Wrisper was cleared of criminal charges in that case following a jury verdict.

**SPINNING A WEB** of history, Mrs. Staples demonstrates how Colonial women made the cloth to make clothing for themselves and their families. She will display the technique Saturday at the annual Christmas Arts and Crafts Bazaar at Community United Methodist Church.

## Spinning wheel to star in bazaar

**BELLE GLADE**--A 200-year-old spinning wheel salvaged from a family attic, the pride and joy of Mrs. Meta Staples of Boynton Beach, could be the star of the annual Methodist Christmas Arts and Crafts Bazaar, scheduled to begin at 9:30 a.m. Saturday at Community United Methodist Church.

Bazaar publicity director Kate Trammel said Mrs. Staples, wife of the Rev. Carroll Staples, pastor of St. John's Methodist Church in Boynton Beach, will be on hand in Jameson Hall to demonstrate the ancient art of spinning with her 200-year-old antique.

She has been demonstrating spinning in church bazaars, Sunday School classes, Girl Scout programs, women's meetings and civic events since the beginning of the nation's bicentennial celebration.

Mrs. Staples said she found her "Walking Wheel" in her husband's grandmother's attic in Belfast, Me. Once the spinning wheel was taken out of the attic, six years ago, she said she didn't know how to use it.

"We didn't know how to put it together," she said. "The parts were hanging in a bag off the tension pole. After visiting antique shops on our vacation, we finally found a similar one set up in Maine. My husband drew a diagram, we came home and put it together."

The wheel is made of all wood except for pewter securing the tension post to the spindle post. The large wheel, almost five feet high and six feet long, is of ash and oak and to operate it, Mrs. Staples stands and walks, spinning her yarn.

"It is unique in that it has a Miner's Wheel attached, invented by Charles Miner in Massachusetts in about 1802," she said. "If you find this wheel outside New England, it has been taken from there."

Mrs. Staples also has a smaller Saxony wheel from Saxony, Germany, which can spin both wool and flax, while the Walking Wheel spins only wool.

Mrs. Staples uses fleece fresh from the sheep. With her husband's help, she cuts it into

fourths. Each section, tied in a mesh bag, is sloshed with a toilet plunger in a trash barrel filled with soapy water. The process is repeated a number of times to clean the fleece as much as possible.

The fleece is then squeezed out and hung on the line, where remaining soap is hosed off. For the final stages, the fleece is spun in a dryer, then spread out in the back yard in the sun until dry.

Mrs. Staples said she is also planning to experiment with dyeing her wool, using Florida plants and flowers for a natural effect. She said natural dyes give the cloth earthy colors rather than bright tones.

She said she also crochets, embroiders, knits, quilts, sews, does ceramics and is planning to get a loom and get into weaving.

2 merchan is for, 54 against

## One-way project is dead

**BELLE GLADE**--The death knell sounded Monday night for a plan to one-way traffic on Avenues A and B and Southwest Fourth Street between the two downtown streets when the city commission was presented a list of only two merchants favoring the one-way, one person who was undecided and 54 who were against it.

The commission unanimously approved a Kenneth Harris motion to postpone indefinitely any consideration of the one-way project and authorized City Manager Robert Sanders to take whatever steps are necessary.

Plans for the project have included changing around the arrangement of parking meters along the streets to allow parking all in one direction and the city had already tabulated bids for a \$10,000 plus signal light at South Main Street and Avenue B.

The one-way had been discussed for some time and the project had been approved by the city commission but the beginning of the end came when the subject

came up in the first monthly meeting of the Mayor's Advisory Committee and the committee members unanimously opposed it and asked what a survey be made of the merchants on the streets involved.

Following a meeting held between the merchants and city administrators, the matter came up again when six of those merchants spoke out against the project during the last commission meeting.

Randy Davidson of Cabin Dry Cleaners asked at that time if the commissioners would be swayed by the merchants if they came out in opposition to the plan and said he would conduct the survey. He presented the results of the survey Monday night.

In other action, the commission: • Denied a request which would have allowed Malcolm Collins to operate a retail sales business out of a mobile home at 548 S.W. Ave. E.

• Granted a request by Gilbert Adams and Everglades Progressive Citizens, Inc. for the right to

sell package liquors from the Star Light Lounge at 301 S.W. Sixth St. Adams said the lounge is already licensed to sell beer and wine.

• Postponed a decision on a request by Mrs. Janie Hicks to relocate her mobile home from Lot 23 and the northern half of Lot 24 in Rader Subdivision to Lot Three, Block Six of Glades Subdivision.

• Held up approval of a mutual aid agreement with the county on disaster preparedness until City Attorney John Baker can assure the city manager will be able to handle city problems on a priority basis in case of a disaster.

• Approved a lease agreement in which the school board has the right to use the Lake Shore Civic Center in return for the city's right to use the Lake Shore Middle School gymnasium for part of the city's recreation program.

• Authorized a \$150 donation for the annual city employees' Christmas party.

**CHARLES GOODLETT** was honored Monday night by the Belle Glade City Commission when he was presented with a resolution recognizing him "as a man of high honor and integrity, and a credit to this

City" mounted on a plaque. The resolution was originally drawn up and signed Sept. 12, when he retired as the city's chief of police and became Director of Public Safety only.

"What the world really needs," said Ralph Kidder, "is a superior rat."

"Huh," says I. "Come again."

"That's right," said Ralph. "What the world really needs is a superior rat. One that won't catch cancer from everything that it eats, drinks, comes in contact with, sees or hears. Especially Canadian rats. We've got to breed a heartier species."

And to prove his statement, Ralph brought in an editorial recently published in "Best" magazine, which in turn stole it from a newspaper published in Toronto.

According to the editorial "Canadian rats are absolutely the puniest, silliest, the all-around crummiest rats in the entire world. Stuff a Canadian rat with the equivalent of 400 tins of diet pop a day and what does he (or she) do? Keel over, that's what, and develop bladder trouble. It's the same story if you ask a Canadian rat to puff three packs of non-filter tips a day, heap cyclamates on its din-din, take it out on the town for 10 or 12 martinis before beddy-bye for 500 or 600 nights running."

"In fact, you can't seem to do anything with a Canadian Rat without its going belly-up, coughing its lungs out, or wandering around with a liver that's in tatters. As a result, we all suffer. Every time a Canadian rat comes down with the nasties, or has its nose fall off, some scientist come along, attributes the trouble to something the rat has done, and wants to take away from us another of life's little pleasures."

The editorial continues, pointing out the average Canadian rat can't watch television, eat fried eggs and bacon, consume homemade blueberry pie, or handle butter without developing some menacing disease.

"Is the Canadian rat really that frail, or is he a hypochondriac? Is he in such sickly health because of a misspent youth in the garbage dump, or is he faking to make life miserable for human beings?"

"No one can say, but obviously Canadians must develop a sturdier strain of rat before there is nothing left in life for us but rats, berries, and mush made from the bark of trees. We need a rat with a stomach like cast iron, one that can toss back junk food and wash it down with a big beer without so much as a burp...a rat with clear eyes, teeth that are impervious to decay, and a system that can handle the flu with no ill effects. Is that too much to ask of our scientists?"

"If my future is in the paws of a rat, I don't want it to be away-backed, knock-kneed and narrow-chested. What I want going for me is a rat built like Bobby Hull, not Don Knotts, especially if something as important as T-bone steaks is involved."

And in summing up, the editorial opinions: "As far as I'm concerned the Canadian rat hasn't shown enough stamina in the nation's laboratories and should be fired from its present position as watchdog of the country's health."

Amen to that.

But there is already a substitute available. He's so hearty, no amount of rat poison harms his race. He's so nasty and mean, alley cats run in terror.

Not a day passes by that he doesn't engulf large amounts of foods health nuts say are harmful to our bodies. He's a true super rat.

This critter is found in abundance in the cane fields of the Everglades, where he chews at stalks and eats enough sugar to give the normal Canadian rat a combination of decay, cancer, diabetes, bladder infection, and boils. But it doesn't harm him at all.

And the best part about it is a whole heck of a lot of cane farmers would be more than happy to ship him north by the millions.

# Women tell club members of European tour

**PAHOKEE**—Mrs. Clark Wilkinson and Mrs. Betty Herring gave an entertaining resume of their recent tour in Europe at the luncheon of the Pahoee Women's Club, which was held on Nov. 23. Having visited four countries—Switzerland, Holland, France and Germany—the women told of some of the customs of the people and touched on some of the out-

standing and famous places they had seen.

From New York they flew to Zurich, which they believe is one of the cleanest places in the world—no trash anywhere. Only the rich live in houses. The less fortunate live in apartments. The coffee there is served so strong that visitors dilute it, using half cream and half coffee, in order to drink it.

During their stop in Lucerne, they enjoyed the Swiss food and music and purchased several cuckoo clocks and Swiss chocolate to bring back home. They found the price of the chocolate was \$8 per pound—the same as in America.

A trip by cog-wheel railroad and a ski-life high into the snow covered Alps was breathtaking, and the scenery "picture perfect."

They visited the Rhine Falls, and Black Forest before going to Strasbourg (France), where they boarded a liner for a cruise on the Rhine—the highlight of their trip. They discovered that the other passengers on board were from all parts of the United States and Canada.

While the liner was docked at Heidelberg, they visited the famous old University which was founded in 1386, and a castle there, which had been bombed during the war but with the cellar still intact, where the largest wine casks in the world were on display.

While cruising on the Rhine, they passed old castles, and saw the many vineyards which cloak

the shores. Some of the grapevines were covered with blue nets, which are believed to hasten the ripening of the fruit.

In Cologne (Germany) they visited a cathedral where each pane of glass represented some teaching of the church. The beautiful windows were saved from destruction during the war by being buried under the cathedral.

They visited Dusseldorf, and after the ship docked at Rotterdam they went on to Amsterdam (Holland). The Dutch pointed proudly to their dikes, but

the were quite low in comparison to our Hoover Dike. In Amsterdam, they also saw the residence of Juliana, Queen of the Netherlands.

Enroute home their plane stopped in Paris. However, security was so tight they were not permitted to leave the airport. Each detail of Mrs. Wilkinson's and Mrs. Herring's travelogue was interesting, and everyone wished their speaking time had not been so limited.

Mrs. Mary Ellen VanWinkle, chairman of International Affairs, was in charge of the program.

Preceding the program, the invocation was given by Mrs. Uldene Todd, and the president, Mrs. Ada Bush, presided over a short business session.

A project to raise funds for the purchase of new tables for the clubhouse, will be sponsored soon. Donations will be taken, and the drawing for the expensive watch will be in February. Mrs. Marguerite Maxwell is chairman of this committee.

The clubhouse was attractively decorated for the Thanksgiving meeting by Lois Mullis, chairman of the hostess committee. Colorful bouquets centered the tables, which were laid with cloths bordered with large turkey designs. A traditional "Horn of Plenty" arrangement was a special feature on the speaker's table. Others assisting Mrs. Mullis were Mrs. Eva VanWinkle, Mrs. Bonnie Miller and Mrs. Susan Rozelle.

The door prizes, two Thanksgiv-

ing decorated cakes donated by Mrs. Eva and Mrs. Mary Ellen VanWinkle, were won by Mrs. Becky Kepp and Mrs. Lois Mullis.

Visitors attending were Mrs. Ena Keen, Mrs. Fannie Kehr of Redline, Pa., Mrs. Nellie Moss, Mrs. Marie Funderburk, Mrs. Doty Throneberry, Mrs. Mamie Gandy, Mrs. Tina Desuaido, Ms. Elizabeth Lopez, and Mrs. Dorothy A. Powers of Dyse, Aberdeen, Scotland.

The next meeting will be the annual Christmas party on Dec. 14 with Mrs. Sarah Hendrickson in charge of the program.

Hostesses will be Mrs. Maggie Pope, chairman, Mrs. Uldene Todd, Mrs. Joi Turbeville and Mrs. Dorothy Harvey.

All members are reminded to bring wrapped gifts for the Veterans at the VA Hospital in Miami, and for the boys at the Okeechobee School, as is the annual custom of the Woman's Club.

## Civil Air Patrol celebrates local, national birthday

**BELLE GLADE**—Senior Squadron 8307 of the Civil Air Patrol is doing double duty this week by celebrating two birthdays; the 36th anniversary today of the national organization and the second of the local squadron.

The local squadron was organized and activated in 1975, only a few days before the Dec. 1 birthday of the national organization which was founded seven days before Pearl Harbor was attacked.

Lt. Col. Doug Wooten, a Glades pharmacist who is also the head of the Glades Civil Defense unit, this week invited anyone interested in joining Squadron 8307 to contact him at 996-7606 or operations of-

ficer, Lt. Dan Wallis at 996-2050 or the information officer, Joe Hughes, at 996-0200.

In 1975, Civil Air Patrol the official auxiliary to the U.S. Air Force, was credited with saving the lives of 57 persons through its search and rescue operations, the highest in recent years. So far this year, 45 persons around the nation owe their lives to the patrol.

Each year, CAP pilots and observers, assisted by ground team members, fly three out of every four flying hours spent in the United States on search and rescue efforts which the Air Force Rescue and Coordination Center directs.

## Lake Area Births

Birth announcements from Everglades Memorial Hospital include:

Mr. and Mrs. Goshia Vaughn Cameron (Hattie Hall), son, Andre Denard, Nov. 21.

Mr. and Mrs. Bertoldo Padron (Graciela Rodriguez), son, Rafael, Nov. 21.

Mr. and Mrs. Edward James Mayes (Virginia Clarke), son, Edward James, Jr., Nov. 22.

Mr. and Mrs. Danny Floyd Key (Annie Mae Brown), daughter, Shawntae Ella, Nov. 23.

Mr. and Mrs. William Franklin Burroughs (Roxanne Moses), son, William Everett, Nov. 23.

Mr. and Mrs. Heriberto Esparza (Maria Consuelo Aquirre), daughter, Herlinda, Nov. 23.

Mr. and Mrs. Robert Eugene Philyaw (Wilda Eleene Lee), son, Robert Eugene, II, Nov. 24.

Mr. and Mrs. Juan Martinez (Irene Gonzalez) announce the birth of a son, Juan Carlos, on Nov. 10.

Mr. and Mrs. Thomas Gerald Scheffler (Willie Jane Mills) announce the birth of a daughter, Rebecca Lee, on Nov. 11.

Mr. and Mrs. Luiz Francisco Sabaloro (Juanita Marie Wheaton) announce the birth of a daughter, Wena Marie, born Nov. 11.

Mr. and Mrs. Jay Carl Seider (Diana Lynn Grimes) announce the birth of a son, Brad Alexander, on Nov. 11.

Mr. and Mrs. Raymundo Vargas (Clotilde Bernal Marquez) announce the birth of a daughter, Alvido Marquez, Nov. 13.

**What Is Alcoholism?**

The National Council of Alcoholism says the alcoholic is "a person who is powerless to stop drinking and whose drinking seriously alters his normal living pattern." Alcoholics Anonymous says alcoholism could be described as a "physical compulsion coupled with a mental obsession."

Alcoholism is an illness! The Alcoholic is just as sick as the person with diabetes, tuberculosis or cancer. He has lost control over his drinking and one drink means another. Alcohol is seriously interfering with every aspect of his life even though he may not admit it. If an individual suspects he is an alcoholic, he should go to his family physician and discuss it.

## Historical Society to hear program on POW camps

A return to the days of World War II will be made at the December meeting of the Glades Historical Society when Dr. Robert G. Billenger Jr., guest speaker, will make a talk on the branch Prisoner of War Camps of the 1940's in the Belle Glade and Clewiston areas.

The meeting will be held in the Lawrence Will Museum of the Belle Glade Municipal Library at 8 p.m. tonight.

Dr. Billenger is associate professor and chairman of the department of social sciences of Palm Beach Atlantic College in West Palm Beach.

He was a Fulbright Scholar to

Vienna, Austria, in 1969-1970. His research study there was on Austrian and German Diplomatic Relations. His findings on the P.O.W. Camps in the west area of Palm Beach County will be of special interest to many people who will remember the camps and the prisoners.

The Board of Directors of the Glades Historical Society will hold their regular bi-monthly meeting at 7:30 p.m. in the workroom of the museum preceding the 8 p.m. meeting.

Visitors are welcome and members are urged to be present at this meeting.

4A-HERALD-OBSERVER, Thurs., Dec. 1, 1977

## Methodist Women meet

BELLE GLADE-The United Methodist Women of the Community United Methodist Church of Belle Glade met Sunday afternoon for their monthly meeting.

The meeting was opened with the singing of the Doxology, after which the nominating committee submitted their new slate of officers for next year. The proposed officers are Mrs. Clara Bedsole, President, Miss Margaret West, Vice President, Cathy Burr, Treasurer, Mrs. Lois Hollingsworth, Secretary. The slate of officers was voted on and accepted.

Last Minute plans were discussed concerning the Crafts Bazaar, to be held Dec. 3 from 9:30 a.m. to 1:00 p.m. at Jameson Hall. A program was presented by Mrs. Karen Corbin titled "The Books of the Bible," after which she asked who could tell her how many books there are in the Old Testament? The New Testament? The Bible?

The refreshment table was decorated with the Christmas motif, refreshments were served to 18 members and two guests. Hostesses were Mrs. Helen Morris and Mrs. Lois Hollingsworth.

Mr. and Miss Mr. Latour and Miss Bozard

## Miss Bozard, Mr. Latour announce engagement

Miss Maryann Janelle Bozard is engaged to marry Eduardo Rafael Latour of Belle Glade according to an announcement made this week by her parents, Mr. and Mrs. Johnny R. Bozard of DeLand. The prospective bridegroom is the son of Mr. and Mrs. Antonio R. Latour of Belle Glade.

Miss Bozard is a 1974 graduate of DeLand Senior High School and is a candidate for graduation from Stetson University in December with a B.A. degree in elementary education. She is fulfilling her

intern requirements at Orange City Elementary School, Orange City.

Latour was graduated from Glades Central High School in Belle Glade in 1972 and Stetson University in 1976 where he majored in Business and Spanish and received a B.A. degree. He is a student at Stetson University College of Law, St. Petersburg.

Wedding vows will be exchanged Dec. 30 at 7:30 p.m. in the First Baptist Church of DeLand.

## Pastor extends thanks for cordial welcome

PAHOKEE-Upon the completion of his first four months in Pahokee as Pastor of the Church of God of Prophecy, Rev. Steve Pittman and his family extend their thanks and appreciation to the people of the community for the way they have been received. "We have found warm Christian fellowship among everyone we have met. We have already come to love this area very much. Jesus Christ is alive and well and God is still a prayer-answering, miracle-working God." Rev. Pittman extends an invitation to the public to attend any of their services and worship God with them. The services are as follows: Sunday School-10 a.m.; morning worship and children's church-11 a.m.; Evening Worship-7 p.m.; Tuesday night Bible Study-7:30 p.m. and Friday night Youth Service-7:30 p.m. Anyone desiring to attend but who does not have a ride can contact Rev. Pittman and transportation will be provided. The church is located at 2500 E. Main St. and the telephone number is 924-2484.

## city council gives report

BELLE GLADE-The Beta Sigma Phi, Belle Glade City Council held a brief meeting on Nov. 22, at the home of GeeGee Collinsworth. There were 11 members attending.

Chapter reports emphasized service projects for the year which included gifts to the children's hospital, donations to the Thurman Kemp family, aid to the elderly, and various worthy causes for which the bazaar proceeds are used.

Chapters were urged to keep in mind activities for Belle Glade's 50th Anniversary celebration in April. Many projects were enthusiastically proposed.

The January meeting will be held at the home of Rin Shatts.

## Xi Iota Alpha sidewalk sale

The Xi Iota Alpha Chapter of the Beta Sigma Phi will sponsor a sidewalk sales day on Dec. 3rd at the corner of South East 3rd Street and Ave. E. Baked goods and plants will also be sold.

## "Battle of the Sexes" to be held in Pahokee

PAHOKEE-Saturday night Dec. 3, right here in Pahokee, there will be an official "Battle of the Sexes." The youth participating are from the First United Methodist Church of Pahokee. The battles will include

both individual and group competition varying from relays to pie eating. Come be a spectator, cheer for your team. The battle begins at 8:00 p.m. First United Methodist Youth, don't miss this one!

## Talk on drugs scheduled

PAHOKEE-Monday at 6:15 p.m., December 5, What about drugs? What do you really know about them? Can they really hurt you? The time for you to find out has come. A presentation on drugs and their abuse will be presented for

both parents and youth Monday evening. Plan to be a part of this presentation, it's important. The community is welcome. Join in at the First United Methodist Church of Pahokee.

## Miss Kelley to wed

Mr. Radford Dec. 15

MISS KELLEY

BELLE GLADE-Mr. and Mrs. J.H. Kelley of 1241 Wedgworth Road, announce the engagement and forthcoming wedding of their daughter, Judy Carol to George Frederick Radford, son of Mr. and Mrs. Lloyd B. Radford, of Lake City.

Miss Kelley is a graduate of Christian Day School and is presently employed by Peoples Federal Savings & Loan Association in Belle Glade.

The groom-elect is a graduate of Ribault High School in Jacksonville, and is presently employed by the Belle Glade Police Department.

The wedding will take place December 15 at seven o'clock in the evening at the First Baptist Church in Belle Glade.

## Zeta Mu goes to Miami

Members and guests of Xi Zeta Mu chapter traveled to Miami Nov. 13 to see the Dolphin-Patriots game. After an exciting win (Dolphins, of course), the group ate dinner at the El Centro Vasco Restaurant.

Members attending the event were: Mr. and Mrs. James Chamblie, Mr. and Mrs. J.D. Lee, III, Mr. and Mrs. Gordon Corbin, Mr. and Mrs. Gene Enfinger, Mr. and Mrs. Kenneth Lutz, Mr. and Mrs. Tom Swager, Mrs. Mary Armstrong.

Guests were: Mr. and Mrs. Kenneth Harris, Mr. and Mrs. Larry Lee, Mr. and Mrs. James Aunapu, Mr. Grady Ross, Mr. Richard Gill, Mrs. Sally Watson and Mr. and Mrs. Lee Burke.

Members of two Belle Glade chapters of Beta Sigma Phi traveled to Hollywood Saturday to attend the Area Luncheon sponsored by the South Broward City Council.

The theme of the luncheon was "Autumn Harvest" and was carried out in the dining room of the

Diplomat Hotel.

The menu consisted of tossed green salad, breast of Capon Amandine, Wild Rice Panachee, mixed fresh peas and carrots and delicious Apple Charlotte Desert.

No Kappa chapter was honored with an award as being one of the first chapters to send in reservations for the event.

Members attending were Mrs. Israel Baez, Mrs. James January and Mrs. Ed Rongione of Nu Kappa; Mrs. James Chamblie, Mrs. Tom Swager, Mrs. J.D. Lee, III; Mrs. Gordon Corbin and Mrs. William Acree of Xi Zeta Mu.

## Obituary

GEORGE MAX HARRELLE

George Max Harrelle, age 72, of 117 N.W. 1st St., Belle Glade died Saturday, November 26th. A native of Crenshaw County, Alabama, he was a resident of the Glades since 1918 and was Public Works Director for the City of South Bay.

Survivors include his wife, Marie, two sons; Lomax Harrelle of South Bay, and Wayne Harrelle of Belle Glade, one sister, Mrs. Edna Walker of Miami, three grandchildren; John, Edward and Angela.

Services were held Monday 2:00 p.m. at the Church of Jesus Christ Latter Day Saints, Belle Glade with Melvin Herring officiating.

Interment was at Ridgeland Cemetery, Clewiston. Pallbearers were, Lewis Kelsae, James Summerlin, Gordon Bowen, Byron Walker, Norman Austin and J. Smith.

Wetherington Funeral Home, Pahokee was in charge of arrangements.

## The Limited Edition will be playing for the Municipal League 250 expected at annual banquet

**BELLE GLADE**—An estimated 250 city officials, elected and appointed, from all over Palm Beach County are expected to be at the Municipal Marina Dec. 9 for the Eighth Annual Politicians Barbecue and Fish Fry.

The annual blow-out is sponsored by the Tri-Cities League, made up of Belle Glade, Pahokee and South Bay. It begins with a

very, very short business meeting at noon," according to Belle Glade City Clerk June Boglioli, and quickly gets down to the more serious business when the politicians line up for lunch at 12:30 p.m.

Live entertainment will be offered for the second year, and will be provided this year by The Limited Edition, who will play

both as a musical background and for dancing later in the afternoon. Besides the cookout and dancing, the politicians will be treated to free camping, free golf fees and a free sundown lake cruise aboard a party boat skippered by Police Chief Bill Mathis. There will also be free bags of vegetables, compliments of South Bay Growers, Inc.

**SHERIFF RICHARD WILLE** was the guest speaker at the Lions Club meeting last Wednesday. Deputy Ray Nolan, in charge of detectives in Belle Glade, was also present. Sheriff Wille spoke on the multi-agency unit set up. It is a group of different

law-enforcement agencies working together to help the public. These individuals are working as a group and achieving more. They are not concerned with individual achievements they care about the cases solved with the help of the entire group.

## Wrisper

Cont. from P1

lowing a grand jury investigation.

While he wasn't present himself, Wrisper was the subject of a specially called city commission workshop last Tuesday. In that workshop, the commissioners heard statements from two dispatchers that there was a considerable amount of friction within the department between Wrisper and the dispatchers, primarily Bernice Jackson, supervisor of the dispatchers.

He was also involved in a civil suit in 1971 when he allegedly sprayed mace into the face of a female VISTA worker and he was suspended in 1975 for 30 days after allegedly threatening Joseph Hughes, a pharmacist employed at that time by Wallis Pharmacy in South Bay.

## Liberti cites agricultural gains

**CLEWISTON**—Farmers in Palm Beach County can look forward to a new appraisal of their importance by county planners according to Ray Liberti, executive director of the Palm Beach County Planning and Zoning Department.

"Maybe we have to decide which is more important," Liberti told members of the Florida Society of Farm Managers and Rural Appraisers meeting here last week, "transfer of people to South Florida or the agriculture to feed its population. To me the choice is clear."

He said his department and members of the Area Planning Board are taking another look at the county's 1974 Comprehensive Land Use Plan with an eye to allowing substantial increase in the amount of acreage devoted to agriculture.

Liberti said the amount originally set aside by the plan for

actually growing crops was 47 percent of the county's 2,500 square miles but he sees an increase of up to 55 percent under the revised plan now under consideration.

And to help decide just what changes need to be made to the land use plan, Liberti said there are going to be a series of meetings in January, February and March of 1978 to gather input and several of those meetings will be held in the Glades area.

"Your input," he told the farmers and appraisers, "is valuable and solicited and you don't have to wait until the meetings in Belle Glade to see us. We meet every third Wednesday and you're welcome to sit in on the meetings."

Pointing out that 90 percent of the county's population lives on 10 percent of the county's land, mostly on the coast, Liberti said he has been amazed at how little the urbanites know about agriculture and its importance to the county's economy.

"Let's face it," he said later,

"tourism isn't Palm Beach County's number one industry. It doesn't even come close. And when it comes to the net taxes paid, agriculture is by far the biggest contributor to the county's tax base."

He agreed with one comment that the condominium industry actually contributes more taxes but when one considers how much they cost in services, agriculture's contribution is larger.

After the meeting was over, Liberti said he is seriously considering running for the state legislature next year. He said he hasn't made a final decision yet, expecting that to come by the first of the year, but if he does run, it will probably be for the seat which is expected to be vacated by Don Hazleton, who is expected to run for the Secretary of State's seat being vacated by Bruce Smathers.

When asked how he feels about agriculture, Liberti admitted he might be biased, saying his father in law is a South Georgia tractor dealer.

## Kiwanis Club is organized

**BELLE GLADE**—Members of the Kiwanis Club of the Glades held their first meeting Wednesday after forming the club last week and elected a slate of officers according to President Tom Bonavia.

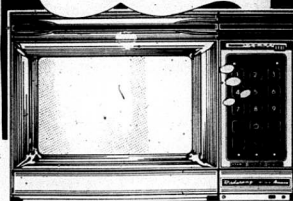

Bonavia said there were 18 members present for the meeting at the newly formed club and they will be meeting at noon each Wednesday at the Holiday Inn. He said the club was organized by members of the West Palm Beach and Lake Worth Kiwanis Clubs.

Besides Bonavia, the officers elected at the first meeting were Secretary Jack Shafer and Chairman John L. Masten. Ben Coachman is lieutenant governor of the district.

Bonavia said membership in the club will be by invitation and will draw from the entire Glades region from Canal Point to Clewiston.

The stated purpose of the service club is "Service to Youth, Community and Nation" and the motto is, "We Build."

# Cane League elects officers

Congressman Dawson Mathis, D. Ga., told members of the Florida Sugar Cane League last Tuesday that it is time to begin thinking about a total sweetener program for this country to protect the domestic sugar industry from foreign sugar.

"We must have, in my opinion, a viable industry domestically or else we'll find ourselves in the same situation as consumers of this country with cartels such as oil and coffee, and some various other commodities," Mathis said during the League's 14th annual meeting at the Clewiston Inn.

"I have seen, with the passage of the de la Garza amendment and some other things that have occurred in Washington within Congress in the past several months, an increasing awareness of how important it is that we not allow sugar to go to some foreign cartel, but in fact retain a strong, viable domestic sugar industry," he added.

Mathis said the passage of the de la Garza amendment, which is designed to achieve a minimum 13 1/2 cents per pound for raw sugar, the Congress is now heading in the right direction.

The congressman, who is ranking member of the House Agricultural Committee and chairman of the Oil Seeds and Rice committee, said if his committee can acquire jurisdiction over sugar hearings could begin some time early in the next session of Congress.

In discussing the de la Garza amendment, Mathis described the bill as only a "temporary stop gap" measure. "While it might serve a purpose, and I hope that it will for the next two years, I think we certainly need to look beyond 1978 when the de la Garza amendment expires and begin to think in terms of what we're going to do, not only for sugar, but a total sweetener policy for this country," he said.

Following Mathis's remarks, League president Arthur Kirstein, III gave his report.

New officers were elected during the business session. Kirstein was again elected president. Other

officers for the coming year include: S.N. Knight, Sr. first vice president; Alfonso Panjui, Sr., second vice president; Billy Rogers, third vice president; Horace D. Godfrey, fourth vice president; J. Nelson Fairbanks, fifth vice president and general manager; H. T. Vaughn, Jr., secretary-treasurer and Alwood Dunwoody, assistant secretary.

Kirstein's remarks are printed below.

"I begin my address to you with a note of anxiety and confusion. The anxiety is that which we all feel when we review the price of sugar over the past year. The confusion exists because of the number of government programs which have come and gone recently. With a new President and Secretary of Agriculture, we had hoped for some kind of executive action which would relieve our economic suffering caused primarily by cheap imported sugar and the absence of a domestic sugar program. We remember that stability we enjoyed under the old Sugar Act. We know that anybody selling raw sugar on the domestic market for the last year was selling at a loss. Many Florida growers lost money and only those who could hedge part of their crop possibly broke even.

As we begin this crop, we have what may be termed three programs that are to have an effect on the 1977-78 crop. There should have been only one program—that being the de la Garza amendment under the Farm Bill which was designed to achieve a minimum 13 1/2 cents for raw sugar in the market place at no cost to the government. But because of delays of implementation, there will end up being three programs. The payments program, the loan program and finally we hope the market adjustment program created by tariffs and quotas. First the Administration's program of direct payment is supposed to guarantee the producer of raw sugar 13.5 cents per pound. This is roughly 52 1/2% of parity. The direct payments program was first announced by the Administration early this past summer. The Administration decided on this course of action contrary to the recommendations of the U.S. International Trade Commission after a six month study of the domestic industry. Since these payments were to be made directly from the U.S. Treasury, producers and processors also opposed them.

We remember the confusion that existed in the past and the adverse publicity on occasion when compliance payments were not understood and were thought to be a subsidy. Considerable effort was spent at that time explaining to the public at large that these payments cost them nothing.

Even though our industry may be at a point of grasping at straws for survival, we have never felt that a subsidy program as instituted by the Administration was in the best interests of the industry, the consumer or the U.S. Treasury. Rather, we have suggested that import quotas and tariffs be instituted and that they be reviewed by the Secretary of Agriculture on a quarterly basis. We feel this is the best route to insure a healthy domestic industry. And one that will not result in a cost to the taxpayer.

After the Administration ignored the recommendations of the U.S. International Trade Commission calling for import restrictions and tariffs, it became apparent that the only way to achieve an acceptable program would be through the Congress. Faced with continued low prices of sugar in the U.S. and indeed the whole world, we had to try to convince legislators that we

needed a way to achieve stability of price. To avoid a drain on the U.S. Treasury and a collapse of the domestic industry, a program was necessary that would curtail cheap foreign imports. This appeared to be the only feasible way to assure survival of only the most efficient sugar cane and sugar beet producers in the United States.

The de la Garza program is modeled after other commodity programs such as milk, peanuts, cotton, etc. that have been in existence for many years with import restrictions and floor prices.

What appeared to be a very logical and workable program has turned out to be at least in the beginning a rather chaotic situation. This situation has been created, in my opinion, because of the Administration's unwillingness to rapidly implement the de la Garza amendment upon its enactment. The Farm Bill's effective date was October 1 and for many commodities was operable earlier than this date; but it was November 8 before the sugar price support program was actually announced even though the Conferees for the Farm Bill recommended that the Administration put the sugar program into effect in mid August.

What we now have is a payment program covering sugar sold prior to November 8, a loan program

available on raw sugar in storage and increased tariffs along with an additional import duty effective November 11 for imported sugar contracted after that date which we hope will bring the market price above 13 1/2 cents. This would make it unnecessary to use the loan.

An effort is being made and we feel we have a commitment to extend the life of the payment program beyond November 7, since the market price has not reached 13 1/2 cents.

I remind all of you that the de la Garza amendment fully implemented is a stop gap measure. It is authorized to cover the 1977 and 1978 crops only. What we need is a total sweetener program to maintain a viable domestic sugar industry.

Another factor that could affect our sugar price somewhere in the future is the International Sugar Agreement if and when it is ratified.

I want to take a moment to extend appreciation from all of us in Florida's sugar industry for the magnificent efforts of Horace Godfrey our Washington representative, Nelson Fairbanks, George Wedgworth and John Boy who spent considerable time in Washington working with our legislators. This combined effort has provided results which I have already stated.

Florida Athletic Coaches Association

## Glades men charged in West Palm robbery

BELLE GLADE—A local man and a South Bay juvenile were arrested Monday night by sheriff's deputies in connection with an armed robbery of a convenience store Sunday night in West Palm Beach. Detective Ernest Batista said he and Detective Robert Clive arrested Humberto Salazar, 19, of 660 S.E. Third St. at his home and picked up the juvenile at his residence in South Bay, where they also found a double-barreled 12 gauge shotgun.

Batista said the robbery took place Sunday morning when two

Latin men walked into a PDQ store on Southern Blvd. and held the shotgun on the attendant while they robbed him of \$66.

The Belle Glade-based detective said the arrests were made on the grounds of an investigation conducted jointly between Glades sub-section and Central sub-section detectives.

Batista said the juvenile had been remanded to the juvenile detention center in West Palm Beach and Salazar was being held without bond in the Palm Beach County Jail in Belle Glade.

# Pahokee moves ahead in playoffs

PAHOKEE—There was doubt at the beginning of the football season that the Pahokee Blue Devils could reach the state playoffs this year since they lost 24 players from last year's state runner-up team.

But the Devils have made it through one playoff with an 18-7 win over Ft. Lauderdale Pinecrest Friday night, the class AA undefeated team that was rated number two in the state. Pahokee came from behind in the second half, scoring 12 points to clinch the win. All three conversion attempts failed. They'll travel to Ft. Meade tomorrow night for the second round of the state playoffs.

Though Pinecrest was accompanied by a panther and his trainer from Lion Country Safari, the threat that might go with such an animal was not there when the Devils took hold of the action in the second half.

But Pinecrest began the action with an interception. Pahokee Lawrence Williams would have

been the savior of the Panther touchdown, but the play was called back anyway, due to an illegal procedure call.

Blue Devils Joe Brown and Nathaniel Hannah almost grabbed one interception each during the next five downs, before Pahokee took the ball. But the Pinecrest defense held strong. They were penalized on the punt return for holding but that didn't hold a legging run on the next play, as Panther Tim McGinty broke away for 85 yards, tackled by Danny Seymore, William Joseph and Tim Rumph. A facemask penalty on Pahokee put the Panthers at the Blue Devil ten-yard line. Getting to the one in three plays, Lacy Brown slipped under for the first touchdown of the game. An extra point kick gave the initial lead, 7-0.

A steady drive in the second quarter brought the first Blue Devil touchdown as quarterback Ronnie Osborne's pitch out to Lawrence Williams gave him the

chance to struggle through to the goal line. Osborne's pass to Vince Bush didn't connect for a two-point conversion, leaving the Devils with a trailing 6-7 score with 6:24 left to play in the first half.

Pahokee's game plan was altered for the second half. "We've changed the assignment of the defensive end and the linebacker," head coach Antoine Russell said. "We let the end go out with the pitch man and the quarterback keep the ball."

A fourth down fumble recovery by William Joseph at the beginning of the second half set Pahokee up for a field goal attempt as hand-offs to Michael Boldin and Dewey Jackson brought the Devils to the 12-yard line. But Joseph Brown's kick was no good.

Both teams got moving for the two turnovers or the first play following Pinecrest's receipt of the punt Pahokee's James Harvey recovered a fumble. But the Pinecrest defense was reared on Os-

(Continued on Page 2)

WILLIAM JOSEPH (60) takes a well-deserved rest after an interception he made in Friday night's Pahokee vs. Pinecrest football game. Staff Photo

## Palmer Prep wins in double overtime

# Glades Day loses 14-7 heartbreaker

QUIQUE ECHAVE gains yards as Palmer Prep players close in Friday night in the first round of the state playoffs. The Glades Day

Gators lost 14-7 in double overtime. It was a game that kept spectators in their seats until the final down. Staff Photo

"It just wasn't meant to be," said 22-year-old head coach Byron Walker of the Glades Day Gators, a first-year mentor who carried his charges to an 8-2 season.

He was referring to the regional playoff game Friday night in Belle Glade against Miami Palmer Prep, a game in which Prep was the decided underdog, but which they won 14-7 in a double overtime.

Prep will now go up against Orlando in the next round of the playoffs, then after that, to the state finals. It was the road the Gators hoped to travel.

"I can't take anything away from them (Prep), said Walker. "They came here and they stuck with us. But it sure is hard to lose like that."

The Gators completely dominated the game through out regular play. Five times, they came within scoring range. Three times, Kenny Buckner's valued foot failed him as he attempted field goals. Twice

fumbles stopped the Gators from crossing the goal.

In the first quarter, the Gators showed they had come to play football. They received the kickoff, punted back, and on the acceptance of Prep's punt, drove down and attempted a field goal from the 25. It was wide.

In the second quarter, much the same occurred. Quique Echave, playing safety for the Gators, ended a threat from Prep when he intercepted a long bomb on his own five, then the Gators moved downfield and again attempted a

field goal, this one from the 42. Buckner's boot fell only a couple of feet short and the half ended 0-0.

In the third quarter, the Gators threatened again, but a Tom Duda fumble on the five ended that chance, just as a Steve Richie fumble in the second quarter had ended another chance on the 12. Early in the fourth quarter, Buckner was given one more chance at a field goal from the 29, but it too was wide.

Prep threatened once more with only 30 seconds left in the game. (Continued on Page 2)

## Sports

## Final turkey shoot plans told

BELLE GLADE—Final plans for the Belle Glade Rotary Club's annual turkey shoot have been announced by co-chairman Fritz Stein and Terry Kirchman.

Tickets for the shoot are now on sale from any Rotarian or will be available at the gate during the

two-day fund-raising event.

The shoot will be held Friday and Saturday, December 16 and 17, behind Mixson's Florist on Avenue L. Shooting will begin at 5:00 each evening.

Younger children are being asked

to come early, as special shoots will be held for them along with the regular shooting from 5:00 until 6:00 p.m. Stein said. 410 shells and guns will be there for the children to use.

In each "shoot," there will be ten shooters and a turkey will be won by one of the shooters. The turkeys are "Butterball" brand birds.

Tickets are \$2 each and 12-gauge ammunition will be furnished to shooters, who will be allowed to use their guns or use guns supplied by the club.

Approximately 150 turkeys are being ordered for the shoot.

At 9:00 p.m. on Saturday of the shoot, a 22 Winchester lever-action magnum will be given away by the club. You do not have to be present to win and all turkey shoot tickets will go into the giveaway.

All Rotary club members are being asked to be on hand for the shooting.

## Fishing depends on the weather

by Nan Corbin

BELLE GLADE—The wind continued to dominate the fishing scene over the weekend. Most of the catches reported were taken on plastic worms in the Winne's Cove area and along the Southeast shore of Ritta Island.

Mrs. Harold Graybill of Fisher, Pa. used a purple worm on

Wednesday to take a 9 1/2 pound bass.

Belle Glade fisherman, James Spire, also used plastic worms on Wednesday to take eight nice bass. Ray Brewer of Belle Glade reported nine bass on Thursday. Gene and Sue Chestnut of Fort Lauderdale used plastic worms to

ARTY RAIDERS show off two of their more recent projects to enliven Glades Central High School. Commercial art students Mario Guerra, Rodney Dennard, Jose Lopez and Willie Young, supervised by their teacher, Harry Bloomquist, completed last week their task of personalizing a van donated recently by the Athletic Council. In the

background is another of their recent projects, the decoration of the press box at Raider Stadium with the Raider logo and sports figures. Bloomquist said part of the price of the van was raised through the sales of signs erected around the stadium fence...another commercial art department project.

## Gators—

Continued from Page 1

They had set up a punt from their own 40, but the punter bobbled the ball and ran for it, gaining down to the Gator 20. From there, the Raiders marched to the Gator 2 and a first down, but a determined Gator defense held for four downs, taking over on their own two and the offense soon had "running room" at the 17. But the game ended 0-0.

None of the spectators had left the exciting contest and few had ever seen a playoff overtime. Even the coaches had to pause and think of how it was to be handled.

Overtimes in high school ball are set up with a coin toss to see who will have first possession. Then the winner is given four downs and the ball on the ten. Following his four downs, the other team is given four downs and the ball on the ten.

If either team scores, he's the winner.

Glades Day won the toss and on the first down, Winston Byrd picked up nine yards. Kenny Buckner took the second down and went over for six points, then turned around and kicked the extra point.

Prep took possession on the ten and gained one yard on the first down and tossed a short pass for the score on the second. With the kick, the game was again tied, this time 7-7.

"Prep had first possession in the second overtime and using the same formula, the short pass, the short run, and they scored again. With the kick, the tally was 14-7, this time on the third down.

The Gators took possession. On the first down, Glades Day lost three yards and a pass fell incomplete on the second. On the third, Byrd attempted a sweep that lost two more and on the last chance, Duda's pass fell incomplete.

As the Gators walked sadly from the field, one of their fans yelled

"Hold your heads up, Gators. You played well."

Statistics reflected how well they played. In fact, they completely dominated the game both offensively and defensively.

Glades Day had eight first downs to Prep's four, 128 yards rushing to 86, 89 yards passing to 22, three 17 times for four completions to Prep's 14 times, three of which were intercepted by Echave, punted five times for an average of 31 yards, and were penalized 50 yards to the Raider's 35.

Head coach Walker said he now feels he should have set up his defense differently during the second overtime. "But if I had covered the pass," he said, "we'd have opened up the middle."

"I should have used my time outs," said Walker, "and give us an opportunity to get ready. But this was the first time I'd ever participated in an overtime."

But the fans don't feel Walker failed the squad. The young head coach carried his team to the District 7 Class A championship and an 8-3 season, counting the first round playoff game. It was his first year as head coach and the second year he has been coaching...

Next year, Walker foresees a strong squad. Only five starters will be lost through graduation, those being Howard Ayres, Ken Buckner, Elmer Miller, Tom Duda, and Dick Crockett. Fourteen will be returning, including the Gator workhorse Winston Byrd.

"We think we have someone to replace Howard at center," said Walker, "but he's going to be the toughest man to replace. Howard does a little bit of everything and does it well."

Duda will also be tough to replace at quarterback. His younger brother Sam filled in for him some this season, but Duda's experience at that vital position will be hard to come by.

Walker said a weightlifting program will soon be underway at Glades Day and prospective players will be working to stay in shape throughout the off season. He noted that spring practice will start around the first of April and he's planning on hosting another jamboree.

"We're trying for a consistent football program," said Walker. "The only way we can have one is for the players to sacrifice to have it."

Credit for the winning season was placed directly on the players by Walker. "They came off a 5-6 season last year, got together, and when the going got tough, they got tougher," he said.

"High school football is a learning situation," he noted. "You learn not to quit. That's the most important thing."

Walker said he wished to thank the fans, players, school administration, and student body for the support the Gators enjoyed this year. "They've been very loyal. And that was sincerely appreciated," he said.

At least a couple of senior Gators may have opportunities to sign grant-in-aids, although none has as yet. Walker said smaller colleges have been scouting the games and named Buckner and Duda as two possible choices.

## Devils—

Continued from Page 1

borne, sacking him twice consecutively, forcing the Blue Devils to punt. Pincrest couldn't get away without a penalty either, suffering 15 yards for clipping.

On their second down, Devil Frank Walker intercepted a pass, running 30 yards for Pahokee's second touchdown, with 3:43 left in the third quarter. An Osborne run was short of the goal line for a two-point conversion, but Pahokee widened its lead 12-7.

Frank Walker again was instrumental in getting the ball back as he brought the ball carrier down on two plays, forcing a Panther punt. With 1:12 left in the third quarter, Joe Brown ran back a punt from the 20-yard line, breaking four tackles, for what Pahokee fans thought was a third touchdown. However, Brown had stepped out of bounds at the Panther 34. Pahokee couldn't get through for the touchdown, handing the ball over to Pincrest.

In the fourth quarter, Pahokee got set up for another field goal at the ten-yard line, but Frankie Diaz's kick didn't make it.

Pincrest got far enough for a first down, but with defensive players Walker and William Joseph holding strong, the Panthers punted again, with two yards needed for a first down.

From 64-yard drive in four plays, Pahokee got their third and final touchdown. First downs were made by Osborne with a 12-yard run and by Lawrence Williams, also with 12 yards. On the third and 12, a 28-yard pass from Osborne to Stafford Everett connected for the score. The Blue Devils' fourth try for a two-point conversion failed, leaving the score 18-7. The Devils didn't want to give the ball away anymore as Joseph Brown intercepted a pass but Pahokee was unable to get a first down. After Pincrest took possession of the ball, William Joseph knocked it out of Panther hands and took off with it for the goal line. However, a penalty called it back and the scoring ended.

With Ft. Meade's win over St. Cloud last Friday, Pahokee will head for their field in the sectional playoff. Coach Russell having looked at game films, said Ft. Meade "is a real good team. They're one of the best 2A teams we're going to play." Having an 8-3 record, Ft. Meade is "stronger but not faster," he noted. Pahokee has a 6-5 record.

Pahokee	Ft. Lauderdale
First	11 5
Yards Rushing	156 155
Total Yardage	208 179
Yards Penalized	55 30
Passes	5-13-1 4-13-2

Pahokee	Ft. Lauderdale
First Downs	11 5
Yards Rushing	156 155

### COACH'S CORNER BY FHS HEAD COACH ANTOINE RUSSELL

In our first playoff game in the Class AA District, the Blue Devils set off sparks to capture an 18-7 victory over second top-rated Ft. Lauderdale Pincrest.

Pincrest was shown a great running game by Pahokee's Lawrence Williams. The team as a whole played really well. However, special recognition should go to William Joseph and Frank Walker, who also played great running games.

Friday Night Pahokee will definitely have to be in top shape as they play the strong team of Fort Meade.

## Fishing—

Continued from Page 1

take 17 bass on Thursday morning and 14 more on Friday morning. Kelly Gardner of Delray took seven bass to 7 pounds each on Friday.

Fourteen year old Rick Boyd of West Palm Beach came in on Friday with a 9 pound 2 oz. bass taken on a blue worm.

Stan and John Herrington used plastic worms on Sunday to take a 6½ pounder and 3 smaller ones. Beulah Sutton came down from Tennessee to catch her 6 pounder on Sunday using a plastic worm.

# Reward is being offered

BELLE GLADE—A \$200 reward is being offered by Southeast Cablevision, Inc. for information leading to the arrest and conviction of the person or persons misrepresenting themselves as Cablevision employees and charging for cable television hookups.

Harry Franklin, manager, said problems have arisen when individuals posing as Cablevision employees have charged people living in Belle Glade/South Bay, Pahokee and Canal Point for cable installations.

The hookups, said Franklin, are being done without sanction by his company—and carried out in much the same way a Cablevision employee would install the line, including the use of much of the same equipment and parts.

"Whoever is doing it," he said, has knowledge of how our employees hook onto the wire."

Anyone who has been charged \$25 for such a hookup, and who did not know the person doing the hookup was not a Cablevision employee, is asked to call Franklin at 996-3086.

Franklin also said it is known to his company that certain individuals have illegally hooked themselves up to the Cablevision wire. An audit of subscribers is now underway to determine how many illegal hookups have been made.

Under the laws of the state of

Florida, said Franklin, people hooking themselves up to the cable are guilty of a misdemeanor. Cablevisions, Inc. intends to take whatever steps necessary to halt this practice.

Franklin warned new homeowners

## Coronary care course is slated for Glades Central

BELLE GLADE—A two-week Coronary Care Course will begin Dec. 5 at Glades General Hospital according to Richard C. Lalone, R.N., director of nursing at the local hospital.

Lalone said the course, which winds up Dec. 16, is being sponsored by the hospital, the American Heart Association and Palm Beach Junior College as a joint effort.

He said the course will be open to Registered Professional Nurses, Licensed Practical Nurses and any interested related medical personnel. It will be taught by Donna Harden, R.N., instructor in coronary care at Palm Beach Junior College.

The tentative times for the course have been set at 9 a.m. to 1 p.m. and 5 to 9 p.m. Prospective students may enroll for either of the

daily sessions, which will be offered Monday through Friday.

The registration deadline is Dec. 5 and application blanks and further information may be obtained from Lalone at Glades General.

## IRS checking crewleaders

More than 1,000 migrant workers crewleaders throughout the state are being checked by the Internal Revenue Service to assure compliance with Social Security laws according to Charles O. DeWitt, IRS Florida district director.

DeWitt said the crew leaders are being contacted to determine if they are required to file an employer's annual tax return for agricultural employees, Form 943.

"Using the lists of registered crew leaders provided by the Department of Labor, we are now able to contact those persons who aren't filing employment tax returns," DeWitt said.

He said many of Florida's crew leaders, and many are in the Glades area, apparently have mistakenly assumed they aren't responsible for withholding social security taxes from migrants.

They're required to withhold social security taxes from the wages of migrant workers earning \$150 or more per year, or working at least 20 days during the year. DeWitt urged crew leaders uncertain about their obligations to contact their nearest IRS office.

## Alcohol may become important industry

BELLE GLADE—Dr. Joe Orsenigo, of the Florida Sugar Cane League reported on sugar in Brazil to the Belle Glade Rotary Club Tuesday at the regular luncheon meeting.

Dr. Orsenigo recently took a trip to that country to attend the International Sugar Conference and what he said was of extreme interest.

One of the most important aspects of Brazil's sugar industry is alcohol, he noted. With gasoline selling for from \$1.80 to \$2 per gallon, Brazilians are "cutting" their gas with much less costly alcohol, thereby reducing the price. And the alcohol they are using is produced from sugarcane.

Some automobiles use up to 40% alcohol in their gas tanks, but the average figure is more like 20%, he said. And the engines run smoothly.

"Right now, alcohol may not be economically feasible in Florida," said Dr. Orsenigo. "But when gasoline gets up to \$1.50 or so a gallon, it may become a very important product from Florida cane."

Brazil contains an estimated 5,000,000 acres of sugarcane, 250 sugar and alcohol mills, and exports almost 2,000,000 tons of sugar annually.

The government controls every aspect of sugar and alcohol production, including pricing, quotas and labor.

Labor costs are very low, he said, allowing Brazil to make profits on the low international sugar price. He said it costs about \$5 per day per man to harvest and refine the product.

A great deal of research is being carried on in Brazil in all aspects of sugar production. New varieties are being developed and mechanical harvesting is under experimentation.

He illustrated his talk with a slide presentation made at a Congress, showing Brazilian mills as well as other areas of the economy.

In going back to the question of alcohol production, Dr. Orsenigo said production in Florida is feasible, but "is it practical at the present level of economy?"

DR. JOE ORSENIKO told the Belle Glade Rotary Club Tuesday one of the important aspects of Florida's sugar industry may be alcohol sometime in the future.

Staff Photo

## Toys for Tots are being repaired by GCI Jaycees

BELLE GLADE—A Toys for Tots campaign has been mounted by members of the Glades Correctional Institution Jaycees to attempt to provide a merry Christmas for kids who may not otherwise have such under the tree on Dec. 25.

Jaycee Chaplain Richard Newton said the Jaycees are looking for toys now and are requesting local organizations and individuals to supply repairable toys which will be put in good shape by the Jaycees themselves.

"The GCI administration is behind us," Newton said, "and asks that toys be dropped off at the front gate in care of the chaplain. All usable toys from bicycles to matchbox cars and anything in between are needed."

Newton said he would gladly answer all inquiries regarding the project and he can be contacted by writing him at 500 Orange Ave. Circle.

## Two honored

MCPHERSON, KAN.—Two Glades Central High School alumni were honored last week for their efforts on behalf of McPherson College by the McPherson Quarterback Club. Sophomore offensive guard Lester Finney and freshman defensive tackle Frank Freeman, both of whom starred for the Raiders during their high school careers, joined one other player in the club's weekly standout picks.

Finney was cited for leading the offensive line in blocking and Freeman "put forth a devastating pass rush against Bethel College" in a losing effort according to the club's citations.

## Girl's basketball team holds jamboree tonight

BELLE GLADE—A first will take place in the Glades Central High School gym at 8 p.m. tonight when the first-ever girl's basketball team takes the court for a four-way basketball jamboree against Clewiston, Pahokee and Cardinal Newman.

Glades Central Athletic Director Johnny Davis said this will also be the first year any of the other three schools have had a viable girls basketball team. He said the coach of the Lady Raiders will be Velma Edwards.

The action tonight will begin at 7 p.m. when Clewiston plays Pahokee in the first quarter. Newman takes on Glades Central in the second quarter. Clewiston plays Newman in the third quarter and Glades Central goes up against Pahokee in the final period of play.

Admission to the four-way shootout will be one dollar for students and adults.

Davis said the girls' season begins Dec. 3 when they play Palm Beach Gardens away.

The girls' schedule will be made up as follows:

Dec. 3	P.B. Gardens	Away
Dec. 12	Pahokee	Away
Jan. 5	Atlantic	Home
Jan. 12	North Shore	Away
Jan. 19	Card. Newman	Home
Jan. 27	Clewiston	Home

## Aluminum pickups to continue

PAHOKEE—Pahokee's citizens are finding out that recycling aluminum is profitable, as well as beneficial to the environment.

During December, the public will receive 17 cents a pound from Reynolds Aluminum Recycling Company for their aluminum every Thursday from 2 p.m. to 3 p.m. at the Little League Ball Park, 515 Bacon Point Road.

Reynolds pays 17 cents a pound for aluminum beverage cans and other clean household aluminum items such as pie pans, foil, frozen food, dinner trays, and dishes, including and meat containers.

Certain other items, including aluminum siding, gutters, storm door and window frames, and lawn furniture tubing, are also worth 17 cents a pound if properly prepared. This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with cans.

According to Richard N. Bolling, general manager, Reynolds Aluminum Recycling Co., "We paid the public more than \$16.6 million for a record 98 million pounds of aluminum recycled nationwide from January through September, 1977. The record collection mainly comprises aluminum beverage cans."

## Celery pest field day being held

BELLE GLADE—Local growers will meet for the fall 1977 Celery Pest Management Field Day at 2 p.m. today at the A. Duda & Sons celery fields located southwest of the company's packinghouse complex on Duda Road.

The growers and four specialists will inspect the celery in the field being managed under a pest control system and a conventional at the library conference room at the Agricultural Research and Experiment Center (AREC) on SR 80 for a follow-up discussion and evaluation.

Dr. Vic Gusman, William Gennung, Dr. Dave Pieczarka and Dr. Tom Zitter will be in the field to discuss the experiment.

"I especially urge all celery growers and industry-related personnel to come and help evaluate the research work being conducted on this problem," said Associate County Extension Agent Kenneth D. Shuler.

A preliminary report on the integrated celery pest control management project was distributed last week to growers so they would have some idea of what has been found thus far.

# Profile In Business

NITA YOUNG, of Young's Everglades Florist, displays one of her many Christmas arrangements. She recently moved her florist shop to South Bay.

## Businesses move to South Bay

Two Belle Glade businesses moved to South Bay this week. Young's Everglades Florist and Belle Antiques found a new residence at 121 US 27 N. They are located to the right of the intersection in a gold building.

Nita Young, owner of Young's, moved so she could have a better location and provide service to the people of South Bay and Clewiston. She also needed extra work space and found that she could get it in South Bay.

Young's provides flowers for all occasions. Nita has fresh arrangements, artificial arrangements, plants, hanging baskets, and just about any other item connected with the flower business. She says that if she doesn't have it, she can easily get it.

Nita is working on Christmas arrangements now and says that her live poinsettias will be arriving about Dec. 15.

Besides her fine selection of flowers, Nita also provides Florafax service, and she accepts Mastercharge, Diner's Club, Visa, and American Express.

To celebrate her move, Nita will have an open house on Dec. 11 from 1 p.m. to 6 p.m. Refreshments will be served and she will have her Christmas merchandise for sale. The public is invited.

Nita and her husband, Lee, moved to Belle Glade five years ago and insist they have found a happy home. Lee is the Director of Adult and Community Education at Glades Central High School. They have four children, Dale Kracit of Ocala, Stein of Tallahas-

see, Shea of Tampa, and Muffin 16, who lives at home.

Young's will be open Monday through Saturday from 9 a.m. to 5 p.m. Nita says you can call anytime at 996-9549. She will provide free delivery in Belle Glade and South Bay, but there will be a slight charge for delivery to Pahokee or Clewiston.

Belle Antiques, owned by Shirley Davis, also found a new home this week. Shirley moved in order to become more accessible to the public.

Belle Antiques handles china, cut glass, antique furniture, and primitives. Shirley has a real fine collection of antiques, and if her ambition comes true, some day she'll have a large warehouse of antique furniture.

Belle Antiques will be open from 9:30 to 5:30 Monday through Friday and will be open all day Saturday. The phone number is 996-5879. Shirley will also provide free delivery to South Bay and Belle Glade.

Shirley and her husband, Harry, have been in the Glades since 1961, and they both love it. Harry is the principal at Belle Glade Elementary School, and Shirley is the Administrative Assistant at Lake Shore Elementary School. They have two children, Downy Newman, of Naples, and Amanda, who lives in Gainesville.

When not working, Shirley enjoys oil painting, needlepoint, and refinishing furniture.

## Pioneer family celebrates holiday

BELLE GLADE—A total of 54 members of the late Rev. and Mrs. Calvin A. Shive's family, pioneer residents of Pahokee, were guests on Thanksgiving Day of Mr. and Mrs. Milton O. Carpenter and daughters, Peggy and Karen at their home at 1101 Tabit Rd. in Belle Glade.

Karen, a student at St. John's Junior College in Palatka, was home for the holiday.

Attending were the children, grandchildren and great-grandchildren of the Shives, including S/Sgt. and Mrs. Clifford Grimes, Jamie, Christy, and Stacy of Ft. Stewart, Ga.; the Rev. and Mrs. Donald F. Padgett and John of Lighthouse Point; Mr. and Mrs. Roger Rognas, Catharine and Ruth of Deerfield Beach; the Rev. and Mrs. Robert Tindale, Michelle and Glenn of Sebring; Mr. and Mrs. Sydney K. Smith III and Craig and John Brady, all of Clewiston.

Mr. and Mrs. C. Ralph Grimes of Canal Point; Mr. and Mrs. O. D. Carpenter; Mr. and Mrs. Dan Denton, Tonya and Brian; Mayor and Mrs. Duncan Padgett and Tom; Mr. and Mrs. Gregory Grimes and Ami, all of Pahokee, were also in attendance.

Also on hand were Mr. and Mrs. John A. Dulany, Mr. and Mrs. Philip A. Dulany, Philip Jr., Deborah and DeWitt; Mr. and Mrs. Edwin Lively Jr., and Christy; Mr. and Mrs. Sydney K. Smith, Jr.;

Mrs. Jane Evans and Mrs. Nan Draa, all of Belle Glade.

The occasion was also the birthday anniversaries of Mrs. Edwin Lively Jr. and Tonya Denton. The traditional birthday cake was served in celebration of their special day.

SHIRLEY DAVIS, OF BELLE ANTIQUES, shows a 101-year-old Haviland pitcher. Mrs. Davis recently moved her shop to South Bay.
